

August 2015

To whom it may concern,

Tiamo Resort has been working with ELEQT since February 2014, and the quality of work done and services offered by ELEQT has always been excellent. Their staff is very attentive to detail and conscientiously follows our resort's achievements and milestones.

I feel they have a good understanding of our island retreat and the special clientele that we serve. ELEQT has enabled us to spread our message among many high-net-worth individuals around the world who otherwise may not have heard about us. Tiamo Resorts has gained many more brand ambassadors with the help of ELEQT.

Sunny regards,

Wilfriend Vincent
