

Dear Sir/Madam,

This is a professional reference for ELEQT – part of the Quintessentially Group.

I have had the pleasure to work with Valerie Soh and her team for the past two years. During this period they have shown true professionalism and dedication to our brand and ensured that we have been represented in the highest regard.

ELEQT as a social media platform has given us access to new clientele who have in turn become loyal to our brand, which was an important goal when we first decided to join the ELEQT platform.

I would have no hesitation in recommending ELEQT as a service for other luxury brands and venues and we look forward to working with ELEQT in the future.

Yours Sincerely,

Josephine Lee
