

Dubai, May 2013

To whom it may concern,

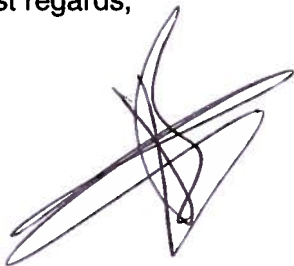

I am writing this a professional recommendation for ELEQT Hong Kong, which is part of the Quintessentially Group.

We have worked with the Hong Kong team for two years and I would happily and highly recommend them. During this two year period, we have been treated with utmost professionalism by ELEQT and have enjoyed the dedication and sincerity in their work for our brand.

As an online social media platform, ELEQT has allowed us to reach new clientele whose trust in ELEQT has translated to a trust in us. Offline, our participation in their events have allowed a more personal approach to their members and again, helped us reach our own objectives.

I have no hesitation in recommending ELEQT to any brand looking to expand their network of contacts and clientele with a luxury network setting.

Yours Sincerely,
Best regards,

Jean-Sébastien Berland
